## Introducing the New Migrant and International Student Assistance Program

Aak dear USMAA Members,

Our USMAA Mission statement states that we will:

- Support new Sri Lankan migrants and students to establish themselves

We have now come to a stage where USMAA would like to implement a framework for this initiative which will comprise the following:

### **New Migrant Family and International Student Airport Pickup Volunteer Program**

For those volunteers who cannot commit for the long-term, this is an ideal opportunity to earn the reward of Allah and the gratitude of the students/migrants and USMAA.

The way it will work is, volunteers will put their hand up for the airport pickup and provide times when they will be usually available. The MC will enter this information to our database and when there is a possible pickup request, we would match it to an available local volunteer from the pool. (i.e. we would not ask someone from Berwick to drop someone at Werribee).

### **Student Home-Stay Accommodation Program**

For our senior members who may be going through an 'empty nest' experience, this is an ideal opportunity to have some company, added security and generate some income from any extra space in the once 'packed to the rafters' household. Interested parties can advertise for **free** on the USMAA website or provide your details so that the MC program managers (Finance Ops Manager – Faariq

Furkan and ICT Manager – Zafar Issadeen) can match it with potential students who approach USMAA directly.

### So, what do you do next?

Please email [info@usmaa.org.au](mailto:info@usmaa.org.au) with your 'Expression of Interest' to either be part of the Airport Pickup Volunteer database and/or the Student Accommodation Program. Please furnish the following:
